Zundel's Own Books

In the early 1980s, the German government named Zundel as one of the world's largest distributors of neo-Nazi material.

"In the "White Power Report," Zundel wrote: "The Jews give us, their White hosts, wars, depressions, inflation, unemployment, energy shortages, higher and higher taxes and air piracy. Like sheep, they expect us to go down the road with them - all the way to the kosher slaughterhouse."

UFO's: Nazi Secret Weapons?

This book, authored by Zundel, argued that what are usually described as flying saucers from outer space are actually Nazi secret weapons, still being launched from a hole in the ice in Antarctica.

The Hitler We Loved and Why

Zundel co-authored this book with Eric Thomson, known for coining the term "ZOG" (Zionist Occupation Government). Lauded in the rightwing Liberty Bell, a satellite publication of White Power, a reviewer wrote that "(It) leaves no doubt about it. Hitler was well loved and loved in return, but this relationship between the Leader and his people was not the gushy, sickly sweet effusion of an obese Jewish mother for her pimply, draftdodging son. This was Aryan love. Strong, steady and uplifting."

Did Six Million Really Die?

Zundel's publishing of this Holocaust denial tract led to his conviction under the "False News" doctrine in Canada.

The Hitler Zundel Loves

We loved Hitler because he was a White Man.

We loved him because he replaced the wasteful idleness of our penal system with **productive labor and punishment with redemption.**

We loved him because he did the Work of the Lord, by driving the money-changers out of our country.

We loved him because he wrested the creation of our money away from the Jews, like his American predecessor, Abraham Lincoln.

We loved him because he was a deeply spiritual man who did not allow the Jews to confuse Christian teachings.

The unhealthy and the mentally-defective were discouraged from inflicting more of themselves upon our hard-pressed population; sterilization was recommended for carriers of genetic defects. The German people could decide who should have children -- not the Jewish bankers.

We loved him because he brought us together. White men from all the countries of Europe joined his ranks to defend the **Holy Swastika Banner of our Race.**

Our White heroes are brave, forthright, strong and kind. The "heroes" of our racial enemy are cowardly, devious, weak and cruel. ,,, **Thus do we differ from our racial enemy, the Jew.**

Today, his spirit soars beyond the shores of the White Man's home in Europe. Wherever we are, he is with us.

HEIL HITLER!

Is Ernst Zundel a "Prisoner of Conscience"?

His spin doctors say he is. But are they telling the truth? His supporters are long on generalities but short on facts. They don't want you to know what Ernst Zundel has said and done in the past. Here are some facts that should help you make up your mind:

• In 2000 Ernst Zundel was a "landed immigrant" living in Toronto. He was twice refused Canadian citizenship because of his racist and anti-Semitic activities.

• In 2000 the Canadian Human Rights Commission found that Zundel was a participant in spreading racist hate literature on the Internet and ordered him to stop.

• In order to evade this order Zundel entered the United States in 2000 on a visitor's visa that was valid for a six month visit.

• While in the U.S., he married Ingrid Rimland, his accomplice and paramour. Rimland is a native of the Soviet Union who had become a naturalized citizen of the United States. She is the "webmaster" of the Zundelsite.

• Zundel took preliminary steps to becoming a permanent resident of the U.S. as a spouse of a citizen of the United States. In so doing, he abandoned his Canadian status as a "landed immigrant."

• In 2001 a preliminary proceeding was scheduled on Zundel's application for permanent residence in the U.S. Zundel failed to appear at this proceeding. Yet he continued to live in the U.S. for almost two years without registering as a resident alien as required by U.S. law.

• During this period Ernst Zundel obtained a United States Social Security number and a Tennessee driver's license under false pretenses. • On February 5, 2003, Zundel was detained as an undocumented and illegal alien and deported to Canada, the country from which he had entered the U.S. Because of his violation of U.S. immigration law and his failure to appear at an immigration hearing as required, Zundel has been barred from reentering the United States for twenty years.

• Ernst Zundel had no legal right to remain in Canada and since he did not wish to be deported to his "beloved Germany," he sought to obtain political asylum to remain in Canada. This application is opposed by the Canadian government on the grounds that Ernst Zundel's activities as a merchant of hate and racist discord make him a security threat.

• As is not unusual in such cases, Ernst Zumdel has been detained pending the decision. As in all such cases Ernst Zundel holds the keys to his own jail cell. Should he agree to return to his native land or find some other country that will accept him, then he is free to leave.

Whether Ernst Zundel is "an international symbol of Jewish censorship, brutality and oppression" as he claims or just another wingnut willing, as his wife says, to "trade his freedom for publicity" is for **you** to decide. Consider the facts. Look behind the curtain to ignore the empty phrases and sweeping generalities. We ask that you base **your** decision on what Ernst Zundel has done, on what Ernst Zundel has said, and on the evil philosophy for which Ernst Zundel stands.
